Part II: Certification	II. Health information			
		In my capacity as official veterinarian of the country of origin, I hereby certify:		
	II.1.	that the product originates in the country indicated in this document as the country of origin;		
	II.2.	that the product		
	(1)	or           ○ [originates from a country free of foot-and-mouth disease]		
	(1)	or           ○ [has been subjected to at least 50° C for a period of not less than 24 hours]		
	(1)	or           ○ [has been subjected to at least 120° C for a period of not less than 4 seconds]		
	(1)	or           ○ [has been subjected to an alkaline solution of pH >11.5, or to an acid medium of pH 4, for at least 24 hours];		
	II.3.	that the product was obtained from healthy animals inspected ante and post mortem and slaughtered and processed in an establishment under official health supervision;		
	II.4.	that the product was processed in an establishment under official health supervision;		
II.5.	that the protein (gelatine and/or collagen) was derived			
(1)	either       ○ [exclusively from bovine hides and skins,]			
(1)	or           ○ [if the hydrolysed protein (gelatine and/or collagen) is derived from bone, that the bone originates from a country classified as negligible Bovine Spongiform Encephalopathy (BSE) risk in accordance with OIE guidelines]			
(1)	or           ○ [that it originates from a country in which the risk of bovine spongiform encephalopathy is controlled or undetermined and is derived from bovines declared at ante- and post-mortem inspection as fit for slaughter and their carcasses as fit for processing, and from which:			
	a)           the skull and vertebral column have been removed from bovines aged over 30 months at the time of slaughter;			
	b)           the bones have been subjected to treatment comprising all of the following steps:			
	i)           pressure washing,			
	ii)          acid demineralisation,			
	iii)         alkaline or acid treatment,			
	iv)         filtration,			
	v)           sterilisation at ≥ 138° C for at least 4 seconds, or equivalent or more effective treatment to reduce infectivity (e.g. high-pressure heat treatment);]			
II.6.	that the product is approved for human consumption.			
Notes				
Part I:				
Box I.21	Indicate the transport container serial number and seal number			
Box I.25:	Species: Specify “birds”, “mammals” or “fish”			
Part II:				
(1)	Delete where not applicable			
·	The signature and the stamp must be in a different coloured ink to that of the printed characters.
