EUROPEAN UNION

Part II: Certification

| II. Health information | |
|------------------------|--|
| | |

To be authorised into Great Britain or parts thereof declared free from VHS, IHN, ISA, KHV, Marteilia refringens, Bonamia ostreae, or Whitespot disease, or with a surveillance or eradication programme, this statement must be kept if the consignment contains species susceptible to the disease(s) for which disease freedom or programmes(s) apply(ies), unless the consignment is intended for processing establishments authorised in accordance with the Aquatic Animal Health (England and Wales) Regulations 2009 or the Aquatic Animal Health (Scotland) Regulation 2009, or for dispatch centres, purification centres or similar businesses which are equipped with an effluent treatment system inactivating the pathogens in question, or where the effluent is subject to other types of treatment reducing the risk of transmitting diseases to the natural waters to an acceptable level.

Published lists of susceptible and vector species are accessible at:

https://www.gov.uk/guidance/import-or-export-live-fish-and-shellfish

Part II.3 of this certificate only applies to consignments intended for Great Britain or part thereof which is regarded as disease-free, or subject to a surveillance or eradication programme for SVC, BKD, or GS, and the consignment comprises species listed in table C of the document published by the Secretary of State, with the consent of the Scottish Ministers and Welsh Ministers, in accordance with regulation 3B of the Aquatic Animal Health (England and Wales) Regulations 2009, and by the Scottish Ministers in accordance with regulation 3B of the Aquatic Animal Health (Scotland) Regulations 2009 as susceptible to the disease(s) for which the disease-free status or programme(s) apply(ies).

Data on the areas of Great Britain or parts thereof which are regarded as disease-free, or subject to a surveillance or eradication programme for SVC, BKD or GS are accessible at:

https://www.gov.uk/government/groups/fish-health-inspectorate#disease-status-of-fish-shellfish-and-crustacea-in-england-and-wales

https://www.gov.scot/publications/health-status-of-fish-and-shellfish-diseases-in-scotland/

- (4) Part II.5 of this certificate applies to consignments of aquaculture animals and products thereof which according to Article 8 of Regulation (EC) No 1251/2008 must be accompanied by a certificate and which in compliance with the placing on the market requirements are allowed by the competent authority to leave an area subject to control provisions or a country/territory, zone or compartment with an eradication programme.
- (5) Part II.6 of this certificate only applies to consignments intended for dispatch centres, purification centres or similar businesses in Great Britain or parts thereof which are regarded as disease-free, or which are under a surveillance programme as regards OsHV-1 μvar, and the consignment comprises species listed table C of the document published by the Secretary of State, with the consent of the Scottish Ministers and Welsh Ministers, in accordance with regulation 3B of the Aquatic Animal Health (England and Wales) Regulations 2009, and by the Scottish Ministers in accordance with regulation 3B of the Aquatic Animal Health (Scotland) Regulations 2009 as susceptible to OsHV-1 μvar.

Data on the areas of Great Britain or parts thereof which are regarded as disease-free, or subject to a surveillance or eradication programme for OsHV-1 μ var are accessible at:

https://www.gov.uk/government/groups/fish-health-inspectorate#disease-status-of-fish-shellfish-and-crustacea-in-england-and-wales

https://www.gov.scot/publications/health-status-of-fish-and-shellfish-diseases-in-scotland/

The requirements set out in part II.6 shall not apply to consignments intended for dispatch centres, purification centres or similar businesses which are equipped with an effluent treatment system validated by the competent authority that inactivates enveloped viruses or reduces the risk of transmitting diseases to the natural waters to an acceptable level.
