	II. Health information								
	I, the undersigned State/official veterinarian certify that:								
	1. Meat and meat preparations exported to the Republic of Moldova are obtained from slaughter and processing of clinically healthy animals in establishments approved by the competent authority and operating under its supervision.								
ation	2. Meat and meat preparations exported to the Republic of Moldova are obtained from animals that have been subjected to veterinary inspection prior to slaughter, and where carcasses and internal organs have been subjected to post-mortem veterinary-sanitary inspection by the State/official Veterinary Service.								
tific	3. Meat and meat preparations are obtained from slaughter and processing of animals, originating from:								
Part II: Certification	3.1. territory of the EU Member State or administrative territory according to the EU regionalisation that are free from the following contagious diseases, according to official findings:								
art]	- African swine fever;								
ŭ	- Foot and mouth disease and classical swine fever.								
	3.2. premise(s) where no cases of Anthrax were recorded during 20 days prior to slaughter.								
	4. Raw materials are derived from animals that were not subjected to the administration of natural or synthetical estrogen, hormonal substances, thyreostatics, antibiotics, or other drugs and pesticides, used prior to slaughter no later than authorised by instructions on how to use them.								
	5.The meat fulfils the requirements of Commission Implementing Regulation (EU) 2015/1375 laying down specific rules on official controls for Trichinella in meat.								
	6. The meat has been found fit for human consumption following ante- and post-mortem inspections carried out in accordance with Commission Implementing Regulation (EU) 2019/627 and Commission Delegated Regulation (EU) 2019/624.								
	7. The meat or meat preparations were handled, stored and kept according to the relevant requirements in Annex III in Regulation (EC) 853/2004.								
	8. Microbiological, chemical-toxicological and radiological characteristics of meat and meat preparations correspond to actual veterinary and sanitary rules and requirements of the EU.								
	9. Carcasses (half-carcasses, quart-carcasses) are marked with readable official health mark of state/official post-mortem inspection with specification of name or number of meat establishment (slaughterhouse), where animals were slaughtered. Cut and packaged meat must have official identification mark on package. The label carrying the identification mark is placed on package in a way to ensure that opening of package is impossible without breaking the label.
