II. Health information			
<b>Part II: Certification</b>	I, the undersigned Official veterinarian certify that:		
	1.	The hatching eggs, described above, which are exported to Georgia are originated from flocks which at least for 3 months have remained on the territory of a country/region/administrative territory/compartment of EU Member State(s).	
	2.	They are obtained from flocks kept in (a) zone(s) or a country in the EU which at the date of issue of this certificate was (were) free from:	
	a)	Newcastle disease as regulated by Commission Delegated Regulation (EU) 2020/687;	
	b)	highly pathogenic avian influenza as regulated by Commission Delegated Regulation (EU) 2020/687.	
	3.	The hatching eggs come from a flock, which has been kept in an establishment in which no confirmed case of infection with low pathogenic avian influenza viruses has been reported for at least 21 days prior to the date of collection of the hatching eggs, as similarly foreseen by the provisions laid down in Article 106 of Commission Delegated Regulation (EU) 2020/692.	
	4.	They come from flocks, which:	
	a)	<input type="radio"/> (1) either	[have not been vaccinated against avian influenza];
		<input type="radio"/> (1) or	[have been vaccinated against avian influenza using (indicate name and type of used vaccine) at the age of (indicate weeks) weeks]
	b)	are under official control in accordance with Regulation (EU) 2017/625 and showed no clinical signs of or grounds for suspecting any disease in poultry	
	c)	have been kept for at least 6 weeks prior to import to Georgia in the establishment approved in accordance with Delegated Regulation (EU) 2019/2035, and:	
	i.	the approval of which has not been suspended or withdrawn;	
	ii.	which, is (are) not subject to any animal health restriction imposed by the competent authority of the country of origin;	
	iii.	within a 10 km radius of which (including, where appropriate, the territory of a neighbouring country) there has been no outbreak of highly pathogenic avian influenza or Newcastle disease for at least the previous 30 days.	
	d)	have not been in contact with poultry of a lower veterinary-sanitary state or with wild birds for at least 6 weeks prior to dispatch into Georgia	
e)	have been tested in accordance with Regulation (EC) 2160/2003 and Commission Regulations (EU) No 200/2010 and (EU) No 1190/2012, with negative results for Salmonella serotypes with public health significance		
Date of last sampling of the flock:			
f)	have undergone disease surveillance programmes according to the Regulation (EC) No 2160/2003 on the control of salmonella		
g)	they		
	<input type="radio"/> (1) either	[have not been vaccinated against Newcastle disease];	
	<input type="radio"/> (1) or	[have been vaccinated against Newcastle disease using an inactivated vaccine officially approved/ registered by competent authority of country of origin];	
	<input type="radio"/> (1) or	[have been vaccinated against Newcastle disease using a live vaccine officially approved/ registered by competent authority of country of origin]:	

Part II: Certification

II. Health information

Identification of the flock	Age of the birds	Date of vaccination [dd/mm/yyyy]	Name and type (live or inactivated) of ND virus strain used in vaccine(s)	Batch number	Name and manufacturer of vaccine
-----------------------------	------------------	-------------------------------------	---	--------------	----------------------------------

h) have been vaccinated using officially approved/registered vaccines by competent authority of country of origin:

Identification of the flock	Age of the birds	Date of vaccination [dd/mm/yyyy]	Vaccinated against	Batch number	Name, manufacturer and type of officially approved vaccines
-----------------------------	------------------	-------------------------------------	--------------------	--------------	---

5. They have been marked in accordance with the EU legislation.
6. They have been disinfected in accordance with the legislation of the country of origin, using \_\_\_\_\_ (name of the product and active substance) for \_\_\_\_\_ (time in minutes).
7. They have been collected from \_\_\_\_\_ (dd/mm/yyyy) to \_\_\_\_\_ (dd/mm/yyyy).
8. They have been examined in accordance with Regulation (EU) 2016/429 by an official veterinarian/official inspector of the country of origin and showed no signs of or grounds for suspecting any disease.
9. They are transported in clean disposable boxes or cleaned and disinfected reusable containers and which:
