2022/37 (2021/403) Model animal health/official certificate for the movement between member states of poultry intended for slaughter - Model POU-INTRA-Y

Part II: Certification

II. Health information		

Notes:

This animal health/official certificate is valid for 10 days from the date of issuing. In the case of transport by waterway/sea of animals, the period of validity of the animal health/official certificate may be extended by the duration of the journey by waterway/sea.

In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, references to European Union in this animal health/official certificate include the United Kingdom in respect of Northern Ireland.

This animal health/official certificate shall be completed according to the notes for the completion of certificates provided for in Chapter 2 of Annex I to Commission Implementing Regulation (EU) 2020/2235.

Part I:

Box I.17: In case the animals are dispatched from an establishment approved for assembly operations in the Member State of origin, the reference number(s) of the official document(s), based on which the animal health/official certificate for this consignment is issued in this establishment approved for assembly operations, may be indicated. In case the animals are dispatched from an establishment approved for assembly operations in the Member State of passage, the reference number(s) of the certificate(s), based on which the animal health/official certificate for this consignment is issued in this establishment approved for assembly operations, must be indicated.

Box I.30: Description of consignment

"CN code": use the appropriate Harmonised System (HS) code of the World Customs Organisation: 01.05 or 01.06.39.

Part II:

(1) 'Poultry intended for slaughter' means poultry to be transported directly or after undergoing an assembly operation to a slaughterhouse, as defined in Article 3 of Delegated Regulation (EU) 2020/688.

(2) Keep as appropriate.

(3) Delete when the consignment is dispatched from a Member State or zone thereof which does not have the status free from infection with Newcastle disease virus without vaccination to a Member State or zone thereof which has been granted the status free from infection with Newcastle disease virus without vaccination.

(4) This guarantee is required for consignments dispatched from a Member State or zone thereof which does not have the status free from infection with Newcastle disease virus without vaccination to a Member State or zone thereof which has been granted the status free from infection with Newcastle disease virus without vaccination. Delete reference if not applicable to the consignment.

(5) Applicable in case the consignment is dispatched from an establishment approved for assembly operations. The animal in the consignment which has undergone the highest number of assembly operation determines the number of remaining allowed assembly operations for this consignment. Delete reference if not applicable to the consignment.

(6) This guarantee applies only to poultry belonging to the species of Gallus gallus and turkeys.

(7) If any of the results were positive for the following serotypes during the life of the flock, indicate as positive: Salmonella Enteritidis and Salmonella Typhimurium.

(8) Complete if appropriate: indicate the name and active substance of antimicrobials used.

(9) Delete if consignment is not intended for Finland or Sweden.
